UP TO \$7,500 IN ENERGY EFFICIENCY REBATES

DID YOU KNOW? Investing in energy-efficient improvements can help reduce energy costs and increase the comfort and efficiency of your home. Start today with the **Home Performance with ENERGY STAR®** program.

For \$100 (a \$400 value), a home energy expert will help you identify energy efficiency improvements that can save you money on your energy bill and help you qualify to receive up to \$7,500* in energy efficiency rebates!

*Rebate amount is based on the predicted energy savings for selected energy efficiency home improvements (maximum of \$7,500 per home / 75% of job cost).

UP TO \$150 IN ENERGY-SAVING PRODUCTS

DID YOU KNOW? In under an hour you can improve the efficiency of your home. With a **Quick Home Energy Checkup**, an energy expert will evaluate your home's energy efficiency and provide simple recommendations for improvements that could save you energy and money. The energy expert will discuss other energy efficiency programs available to you and install energy-saving products including:

- Up to 14 LED bulbs
- Bathroom faucet aerators
- Electric water heater pipe insulation**
- Kitchen faucet aerators
- Water-saving showerheads

**Must be an electric water heater without previously installed pipe insulation to qualify for this measure.
