

Potomac Edison Rebate Requirements

- Applicant must be a Maryland residential customer of Potomac Edison.
- Rebate applications are valid for qualified equipment purchased and installed beginning January 1, 2018, through December 31, 2020.
- Rebate application must be submitted within 90 days of purchase and be postmarked or submitted online by January 7, 2021.
- Please submit one rebate form per unit.
- Rebate application with valid customer account number must be accompanied by a legible copy of the paid itemized sales receipt showing proof of purchase that includes manufacturer, model number, store name, store location, purchase price and date of purchase.
- All rebated products must be listed by the EPA as ENERGY STAR certified on www.energystar.gov.
- Payment will be issued to the account holder and mailing address on record with the utility.
- Please allow up to 90 days from the date all required information is received to process your rebate(s).
- All rebated products must be installed and used at the service (install) address specified on the rebate application.
- Program procedures, requirements and rebate levels are subject to change or cancellation without notice and are subject to available program funds.
- Potomac Edison and/or its designees, including program administrators, do not endorse any particular manufacturer or product as part of this program.
- By participating in this program, customer agrees to allow Potomac Edison to take ownership of the energy efficiency resource credits associated with this program. Potomac Edison may at its sole discretion then aggregate your credits with other similarly situated customers and bid the credits into the PJM market. Any proceeds will be used to offset the costs charged to Potomac Edison's customers for compliance with state mandated energy efficiency and/or peak demand requirements.
- By submitting this Potomac Edison rebate application, you acknowledge and agree to the rebate requirements found on this rebate form.

EmPOWER Maryland programs are funded by a charge on your energy bill. EmPOWER programs can help you reduce your energy consumption and save you money. To learn more about EmPOWER and how you can participate, go to energysaveMD.com.

Take advantage of this energy-saving rebate from Potomac Edison.

\$400 Variable-Speed Pool Pump

Receive a \$400 rebate when you purchase an ENERGY STAR® certified variable-speed pool pump. A high-efficiency pool pump motor can save the average household up to \$340* per year on their electric bill compared to a standard pool pump motor. The potential lifetime savings could be as much as \$2,200* with an average pool pump life expectancy of 10 years.

For a list of qualifying models, visit energysaveMD-home.com to verify the pool pump model meets the rebate requirements.
