## Potomac Edison Rebate Requirements

- Applicant must be a Maryland residential customer of Potomac Edison.
- Rebate applications are valid for qualified equipment purchased and installed beginning January 1, 2021, through December 31, 2023.
- Rebate application must be submitted within 90 days of purchase and be postmarked or submitted online by January 8, 2024.
- Rebates on ENERGY STAR® variable-speed pool pumps can now be delivered instantly via electronic gift card.
- Please submit one rebate form per unit.
- Rebate application with valid customer account number must be accompanied by a legible copy of the paid itemized sales receipt showing proof of purchase that includes manufacturer, model number, store name, store location, purchase price and date of purchase.
- All rebated products must be listed by the EPA as ENERGY STAR certified on energystar.gov.
- Payment will be issued to the account holder and mailing address on record with the utility.
- Please allow up to 30 days from the date all required information is received to process your rebate(s).
- All rebated products must be installed and used at the service (install) address specified on the rebate application.
- Program procedures, requirements and rebate levels are subject to change or cancellation without notice and are subject to available program funds.
- Potomac Edison and/or its designees, including program administrators, do not endorse any particular manufacturer or product as part of this program.
- By participating in these energy efficiency and peak demand reduction programs, customers agree to allow their utility to retain ownership of all Capacity Rights which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market with proceeds being used to offset the program costs.
- By submitting this Potomac Edison rebate application, you acknowledge and agree to the rebate requirements found on this rebate form.

FEPE-PPM0221

Take advantage of this energy-saving rebate from Potomac Edison.

$400 **Variable-Speed Pool Pump**

Receive a $400 rebate when you purchase an ENERGY STAR® certified variable-speed pool pump. A high-efficiency pool pump motor can save the average household up to $450* per year on their electric bill compared to a standard pool pump motor. The potential lifetime savings could be as much as $2,900* with an average pool pump life expectancy of 7 years.

For a list of qualifying models, visit energysaveMD-home.com to verify the pool pump model meets the rebate requirements.
